Re: Annexation District No. 91.

Dear Sir:

At the meeting held July 31, 1952, the County Boundary Commission reviewed the boundary description and map submitted by you, of the above proposed annexation to the City of Compton.

Upon recommendation of the County Surveyor, slight revisions of the boundary description were made to provide the definiteness and certainty required by Section 35002 of the Government Code. Said revisions were in the wording of the boundary description and made no change in the location of the boundaries shown on your map.

With these revisions, the County Boundary Commission approved the boundaries of the above proposed annexation. It is understood a copy of the approved boundaries description was furnished you by the County Engineer and Surveyor immediately following said Boundary Commission Meeting. This letter of transmittal was held pending hearing on the proposed formation of the Coastal Basin Municipal Water District and may now be considered final approval by the County Boundary Commission.
